

Ephesians Study – Worksheet

Use this worksheet to help your discovery group realize for themselves what Paul taught the young Christians in Ephesus about believing, behaving, and belonging. Read a chapter a week out loud together as you listen for the Holy Spirit to teach you and your group. Do not be concerned if people share something not connected to the text. Simply remind them that you want to learn from this particular text.

Application/Accountability Ideas

For each chapter and topic (belief, behavior, belonging), write down at least one application/accountability idea that we want our disciples to work on during the time between group meetings. As the group facilitator, you will want to check in with your group each week to see how everyone is doing with the application/accountability idea, preferably individually, by a simple text, or, if time permits, a coffee or tea.
